PROFESSIONAL EXPERIENCE

Lead Software Engineer | Kalyan Jewellers India Limited (Candere)

Kochi, India | Jul 2026 – Present

Candere | Online Jewellery eCommerce

- Develop and enhance the Candere eCommerce platform, including online jewellery customization workflows.
- Work on integrations with ClickPost logistics, Salesforce, Order Management System (OMS), and web engagement platforms.
- Investigate API and integration issues, support production troubleshooting, and contribute to platform reliability.

Associate Lead Software Engineer | PIT Solutions

Kochi, India | May 2022 – Jun 2026

Shopify Custom App | QR Bill

- Developed a custom Shopify app for QR bill generation using Shopify CLI and a React Router application structure.
- Implemented app data persistence with Prisma and SQLite, QR bill generation using swissqrbill, PDF creation with PDFKit, and order-created webhook handling.

Unihockey.ch | Switzerland | Magento Lead

- Led the migration of a hockey equipment eCommerce store from Magento 1 to Magento 2, covering products, customers, orders, and CMS content while maintaining data integrity.

Sportshop.ch | Switzerland | Magento Lead

- Developed a Magento 2.4.7 multi-website eCommerce platform and delivered ERP integration, payment gateway configuration, and end-to-end store setup for the Swiss market.

Associate Consultant | Infosys

Trivandrum, India | Jun 2020 – May 2022

Prologis | United States | Senior Magento Developer

- Developed a Magento 2 B2B marketplace supporting vendor product listings, direct orders, and quote-request workflows.

Toyota Vehicle Parts | United States | Senior Magento Backend Developer

- Implemented a headless Magento 2 backend integrated with Adobe Experience Manager (AEM) and developed custom GraphQL endpoints for frontend data and interactions.

Senior Software Engineer | Neologix Software Solutions

Trivandrum, India | Oct 2019 – Apr 2020

Cartoys | United States | Magento Developer

- Migrated the eCommerce store from Magento Open Source to Adobe Commerce, completing codebase and data migration and addressing platform compatibility.

PROFESSIONAL EXPERIENCE (CONTINUED)

Software Engineer | PIT Solutions

Trivandrum, India | Sep 2018 – Oct 2019

SBB | Switzerland | Magento Developer

- Developed a multilingual and multi-currency Magento 2 store for Switzerland's national railway company.
- Integrated real-time currency exchange through third-party APIs to support accurate regional pricing.

Associate Software Engineer | Neologix Software Solutions

Trivandrum, India | Sep 2016 – Sep 2018

Cartoys | United States | Magento Developer

- Built and customized a Magento 2 storefront and theme for a US car accessories retailer.
- Implemented user-experience enhancements and in-store pickup functionality, and worked on storefront performance optimization.
